THE BAR TABLE WITH BIG ADVERTISING SPACE

The minimalistic frame design turns the OCTALUMINA bar table into a vivid eye catcher with big advertising space – perfect for your exhibition, event or POS.

At the same time, the bar table is compact, has a low weight, and is assembled within minutes thanks to the easy to use connection system.

The LED stripes are attached to a rod. Due to their high brightness they ensure a shadow free illumination even in the corners.

PRODUCT HIGHLIGHTS

- high luminosity
- shadow free illumination
- light weight
